Work Experience

Electriq Marketing

Full-Stack Web Developer | Oct 2021 - Current

- Created pixel perfect web sites for multiple large companies that are being used by thousands of users.
- Worked alongside a team of other developers to create efficient and scalable code for many clients.
- Refactored ReCharge subscription portals to allow for higher customization for users and admins.

Excel Carpet Cleaning

Full-Stack Web Developer | Jun 2015 - Jun 2021

- Designed, developed, and deployed a new website with NextJS and Netlify that featured improved SEO, usability, and responsiveness.
- Implemented a scheduling system which automated most of the day-to-day business tasks and increased the size of custom base.
- Implemented new features and performed quality assurance for the whole site on a weekly basis.

Education

Thinkful

Full Stack Web Development Certification | Mar 2021 - Sep 2021

- Learned industry best practices and software development standards with a focus on Javascript, HTML5, CSS3, React Native, Node.js, PostgreSQL, RESTful API's, algorithms, and data structures.
- Developed and deployed mobile-first applications while learning new languages and frameworks, spending several hours per week collaborating with and learning from senior web developers in a mentor-student relationship.

Green River College

Associate of Arts | Sep 2013 - Sep 2015

- C++, Python, and Java as electives.
- Heavy focus on maths and sciences such as physics and calculus.
